

## Tidewater Baseball League Chooses Executives for 1947

At the annual meeting of the Tidewater Baseball league this week in the Beaufort court house Pat Crawford, Kinston, was elected president for the 1947 season. Other officers are Moose Tenney of Morehead City and Newport, vice-president; W. Glenn Martin, Swansboro, secretary and treasurer; and Charles Hill, Newport, league statistician. The board of directors will be comprised of club managers.

Those at the meeting expressed pleasure at securing the above men as officers. Both Mr. Crawford and Mr. Tenney are experienced in the operation of baseball clubs and leagues, having had many years of service as players and officials.

Mr. Martin served as secretary-treasurer of the Tidewater league during 1946 and did a commendable job, as did Mr. Hill who served as statistician.

Two new clubs applied for membership in the League, Straits-Harkers Island and Jacksonville, N. C. No final decision has been made on admittance of either club pending application of a team from Cherry Point. Cove City was not represented at the meeting, thereby indicating they do not wish to participate in league play this year.

Chosen for use in all league games was the "Worty" baseball, to be furnished by Herring Sporting Goods store, Goldsboro. The league will hold another meeting Friday night, March 28, in the city hall, Morehead.
