The Smyrna Boys' Basketball Team of 1951 was a team of great courage and sportsmanship that lead them through an exciting year of wonderful basketball. If they didn't win the game they still fought to the finish. They were a good bunch of boys who fought hard to gain the goal that they had been dreaming of for a long time. This group of boys were well mannered in all kinds of ways. When they were trying to work to become something they worked together and in team work. Their goal was not reached and they were heart broken but Smyrna High was still proud to call them their team.
