

**#61E 2003 East Carteret High School Football –
Coach Larry Conway**

"The young kids never stopped working. With more hard work, the future could be a bright one."

-Assistant Coach Chris Stokes

Peter Ustach punts football as his teammates run down the field, ready to face the offense from Swansboro. "I learned a lot this year, and even though the record didn't show much, I think we grew as a team," said Peter. Football was one of three sports he was playing during this season.

The East Carteret football team struggled, winning only one game this season. Coach Conway had this to say about his team, "We were a very young football team this year; however, if these young men make a commitment to the off season program they could be a force in the future!" Over halfway through the season the JV team merged with Varsity because of a lack of players and dedication. Former JV player Rick McArthur commented on the difference between the two teams. "JV was less difficult to perform in than the varsity team. My time on Varsity has made me more aware of how exactly the game is played." All the coaches feel that this team could be one of the best teams East Carteret has ever seen. Coach Smith made this comment on their potential, "We had a very young team this year, which was a bit of a disadvantage. However, the future looks promising."
