A Team With Heart

This was not the year the Patriot Basketball team had hoped for. At the beginning of practice Coach Bradley had a cautious optimism. He said the team would be smaller and slower than the previous team. The guys played with heart and determination and never quit. The Patriots were led by returning seniors Terrence Bryant and Shawnee Holland. The team played a tough conference. One of the highlights was playing against conference champs North Lenoir who were ranked number three in the state and holding them to only a three point lead.
