

Girls Basketball

Season Champs

This year's Lady Patriots had an outstanding season, compiling a 25-3 overall record and an 11-1 conference mark. Through hard work, dedication, and teamwork this year's team established themselves as the leading force in the East in Women's basketball. The season was capped off by the regular season, conference tournament, and a 3-A Sectional championships.

The Lady Patriots showed a consistency in play throughout the year. Of their three losses, two were to the eventual 3-A and 4-A

state champions, High Point Central and Cary respectively. More importantly, of their 25 wins, two were against long time rivals and basketball powers Swansboro, and East Carteret, who fell victim twice to the Patriot power game.

Overall, this was the best season in school history for women's basketball. Posting the best overall and conference records in school history along with the sectional championship, this year's Lady Patriots gave West Carteret a lot to be proud of. Congratulations!
