Team More Competitive Than Last Year

The Varsity Basketball team improves every year. This year was no exception. The team finished fifth in the conference with a record of 5 W 18 L. When asked about the team, Coach Bradley described it as more competitive than last year. The team will be losing the leadership of Christian Robinson, Chris Waters, Matt Lewis, and Casey Burroughs, but there are several sophomores and juniors who gained valuable experience this year who should be team leaders next year. With Andre Davis, Mardell Miller, Theo Gibson, Calvin Crooms, and many others returning, the team should be able to contend for the Conference Title next year.
