

Varsity Baseball

A Field Of Dreams

This year's varsity baseball team did very well considering they were extremely young. Having new coaches and a new attitude were two key factors in their success. The team consisted of only three seniors, which is a positive note for the upcoming season. It was a hard fight up to the last game to qualify for a spot in the playoffs and a chance to make school history. After defeating West Craven 2-0, the Patriots seemed assured of a playoff spot. However, a tiebreaker game was necessary and, unfortunately, they came up short in the end. Overall, this year's season was truly a success.
